

In the context of
We Green Venus

Internal Perception and Involvement

The following is a secondary sequence of Transformation.

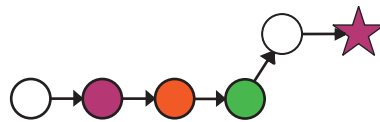

Green / Clear
We / U

Awareness of Transition

They pass the suns of heatless, virtual light.

This parallels being aware that a certain position of equilibrium has been tentatively and tremulously reached. It is entry into the green realm of awareness of the process of thinking.

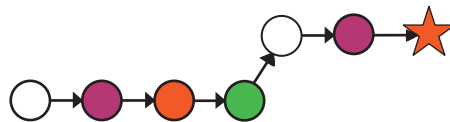

Green / Purple
We / Ba

Awareness of Void

They discover that they can walk on air.

This parallels the discovery that virtual perception is not dependant on immediate causality but is defined by absence rather than presence.

Green / Orange
We / Loo

Awareness of Response

There is to be a trial about the Rain of Stones that did much damage to the glass city of the Mangaboos and the humbug wizard arrives in a balloon.

This parallels that thoughts demand to be dealt with and if equilibrium is maintained will eventually sort themselves out on their own.
